

FEED THE NEED

All donations are welcome \$1.00 to \$1,000.

Share the Glow.org is paying it forward by assisting numerous cancer patients and their caregivers with a one-time gift card for gas, lodging, food, utility bills and similar special needs not covered by insurance. We hope to lighten the load a little when it comes to medical hardships.

During Kara's many trips to Cancer Treatment Center of America, she received many generous and meaningful gifts of love and care, which not only helped to support her financially and physically but also kept her in a positive spirit knowing so many, cared for her and reached out in love and prayers.
